

Country Coordinating Mechanism  
Kenya Global Fund Round 7 Proposal

Request for Expression of Interest

The Kenya Country Coordinating Mechanism (CCM) is developing the Global Fund Round 7 Proposal. The proposal will comprise HIV/AIDS and Malaria components. The priority areas for each component are as follows:

**HIV and AIDS component**

1. Universal access to HIV testing and ART with emphasis on test kits, HIV counseling and testing, ARVs, nutrition and opportunistic infections
2. Strategic communication targeting Vulnerable groups, Condom promotion and Behaviour Change Communication (BCC)
3. Strengthening of the national response to HIV and AIDS through improvement of Health Systems and Monitoring and Evaluation

**Malaria component**

1. Scaling up of Vector control through the provision of Insecticide Treated Nets (ITNs) and conducting Indoor Residual Spraying (IRS)
2. Improved Malaria case management through procurement of drugs (ACTs) and strengthening of Diagnostic Systems
3. Improvement of Health Systems in the Malaria Programme including Monitoring and Evaluation

The CCM invites organisations with experience in implementing HIV and AIDS and Malaria programmes in the above priority areas to express interest in being included in the country proposal.

Eligible organisations should meet the following requirements:

- Experience in implementing activities in the disease component
- Strong linkages to communities in which the organisation proposes to implement activities
- Strong organisational governance and management skills
- Sound financial management capacity and internal controls
- Technical capacity to plan, organise, implement and report on projects
- Adequate number of skilled staff
- Adequate core physical infrastructure
